

A Division of Registry Partners Inc.

**NSQIP Surgical Clinical Reviewer  
MBSAQIP Metabolic & Bariatric Surgical Clinical Reviewer  
(Remote Positions)**

Healthcare Quality Improvement (HQI) Partners

**Job Description:**

Surgical Clinical Reviewers and Metabolic & Bariatric Surgical Clinical Reviewers collect clinical data specific to surgical procedures including preoperative risk factors, intraoperative variables and 30-day post-operative outcomes for patients receiving major or minor surgeries in both inpatient and outpatient settings. SCRs and MBSCRs utilize the ACS data acquisition manual and transmission protocol outlined in the NSQIP and MBSAQIP operations manual. Additionally, SCRs and MBSCRs are involved with data validation/data audits and patient follow up activities and maintain their educational obligations through the ACS as well as their SCR/MBSCR certification.

**Required Qualifications:**

- NSQIP or MBSAQIP Abstraction Experience as a certified SCR or MBSCR or under the direction/oversight of a certified SCR or MBSCR.

**Preferred Qualifications:**

- NSQIP Surgical Clinical Reviewer Certification
- MBSCR Surgical Clinical Reviewer Certification
- Bachelor's Degree in Healthcare Related Field
- Clinical experience in the SICU/CCU/ICU

**Instructions for Applying:**
